

Madison Unicyclists Advanced Summer Camp 2021

June 21-25 9am-4pm

The Madison Unicyclists are very excited to announce another summer of unicycle summer camp! Advanced Camp will focus on different aspects of unicycle skills and will include freestyle, long distance, unicycle games, and mountain unicycling. In addition to unicycling each day there will also be activities like swimming, camp crafts, and more.

Covid-19 Protocols: With the increase of vaccinations available and the lesser covid risk for children, MadUni is happy to be able to offer unicycle camp with mitigation strategies in place. Please read the covid statement on the camp website and understand that when you register your child for camp you are agreeing to following these protocols.

All Advanced Campers must be certified level 4 unicyclists. Riders who have not yet passed level 4 should attend the Open Unicycle Camp. Questions about camp level placement can be sent to the Camp Director.

Each day campers should bring:

- At least two face masks
- Morning snack
- Sack lunch
- Water bottle or hydration pack
- Swimsuit and towel
- Sunscreen
- Proper unicycling shoes and clothes
- Unicycle(s)
- Helmet

On Tuesday and Thursday we will be going on a longer distance ride on 24" unicycles. On Wednesday we will be spending the afternoon mountain unicycling. This can be done on a muni or a 24" unicycle. Please let the Camp Director know if your child does not have a 24" unicycle to use on these days, the club has some extras.

All campers must be members of the Madison Unicyclists, or the Unicycling Society of America.
